

AJP EVENTS

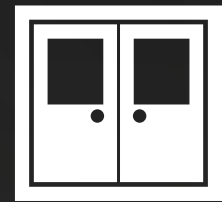

SAFETY PROCEDURES GUIDELINES

YOUR SAFETY HAS ALWAYS BEEN OUR HIGHEST PRIORITY

As academies slowly open and we take to the mats once more, it is important that you feel reassured and confident about your wellbeing when you compete with us.

Find out about the measures we are taking to protect you at every step of your competition.

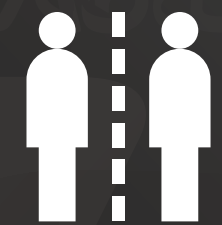

BEFORE THE COMPETITION

*Depending on the regulations in each location, competition will happen behind closed doors and with limited athletes or attendees. *Check each events information.*

Specific training for athletes, coaches and staff about the Event Guidelines & Regulations before the competition such as usage of PPE (Personal Protective Equipment), athletes assessment, schedule and process. This training will be conducted online.

To maintain social distancing we will have one entrance and one exit with spaced floor stickers, and we will reduce the number of people able to enter the venue.

The athletes will be instructed at the moment of registration to check their body temperature regularly and often both before the tournament day and throughout the day itself.

Our flexible registrations gives you the option to refund your competition fee as per our regulations .

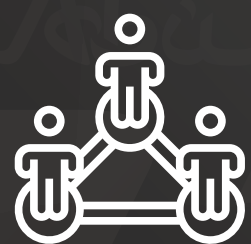

WEIGH IN

Only people who are competing can enter the venue (Entry will be maximum 1 hour before their category starts).

Athletes and coaches will pass through a thermal scanner that looks similar to the metal detectors at airport security. They will then be given a complimentary hygiene kit containing gloves, a face mask, antibacterial wipes and hand sanitizer. +In case of a body temperature exceeding 37.5 degrees Celsius, the individual will not be allowed access to the venue.

We will add spacing stickers on the floor to help everyone maintain a safe distance in the queue.

Our staff will be wearing a mask and gloves, and you will need to wear a mask when you weigh in. You don't have to wear gloves, but it is recommended.

WARM UP

Hand sanitizer available for all.

Our Staff will be wearing PPE and you will need to keep your mask on except when warming up, fighting, at the podium, eating or drinking.

Cleaning teams will sanitize the washrooms after each use and frequently sanitize points of contact.

You are requested to wash your hands at regular intervals.

DURING THE MATCH

It is our top priority to maintain strict levels of hygiene on the mats and they will be cleaned often by a team from a specialized company.

We are taking every precaution to mitigate contact before matches, including closing spectator seats and scheduling the entries of individual categories. We will also be following all guidance from local health authorities along with our additional safety measures to reduce the risk of infection. This includes our modified services, enhanced cleaning and disinfecting, and ensuring that everyone wears PPE.

PODIUM

Athletes must leave the venue immediately after finishing their participation in the tournament.

It's not mandatory for athletes to keep the masks on while receiving their medals at the podium. However it's mandatory to keep it on in the waiting area.

WE WILL BE MONITORING THE LATEST HEALTH DEVELOPMENTS AND REGULARLY REVIEW AND ENHANCE OUR SAFETY MEASURES.
